Work Experience

Enterprise Architecture Intern

Summer 2017

Chubb Insurance – Philadelphia, PA

- Helped develop full stack web applications, including a server environment health report. Applications developed primarily using JavaScript, CSS, C# and .NET.
- Used Ping Federate to set up single-sign on connections with Chubb applications.
- Created database inventories and documentation for SSO connections and Mobile Applications.
- Managed mobile certifications for corporate apps in the Play Store & App Store.

Technology Instructor

Summers, 2015 & 2016

Lavner Camps – Cherry Hill, NJ + Philadelphia, PA

- Instructed 100+ children aged 8-14 in Robotics, Minecraft Design, Video Game Design, and basic computer programming.
- Helped setup computers with OS and relevant camp applications, as well as frequently troubleshoot hardware and software issues.
